... of the "El Informador" states that charges of possession and sale of marijuana have been dropped against Johnny Morales for the lack of evidence.

A conversation with Judge Jerome Decker confirms this.

The story goes on to say that Johnny lost "a position on the school board because a local newspaper brought these charges to light."

Since we did bring them to light during the school board election, I thought we would only be fair to mention they have been dropped. I don't believe our mentioning the facts lost Johnny the race, but no matter I would do the same thing over again.

However, I believe I said at that time that once those charges were cleared Johnny could then run for an office. I am still of that opinion.

A PRISON

... would certainly be a place to do some serious thinking, or so it seems to be. But the following thoughts written by Reggie Taylor in The Menard (Illinois) Time, a prison newspaper, would certainly hold true for any person living in this day and time:

JUST FOR TODAY

JUST FOR TODAY--I will try to live through this day only, and not try to tackle my whole life problem at once. I can do some things for twelve hours that would appall me if I felt I had to keep it up for a life-time.

JUST FOR TODAY--I will be happy. This assumes to be true, what Abraham Lincoln said, that "most folks are as happy as they make up their minds to be."

JUST FOR TODAY--I will adjust myself to what is, and not try to adjust everything to my own desires. I will take my "luck" as it comes, and fit myself to it.

JUST FOR TODAY--I will strengthen my mind. I will study. I will learn something useful. I will not be a mental loafer. I will read something that requires effort, thinking, and concentration.

JUST FOR TODAY--I will exercise my soul in three ways; I will do somebody a good turn, and get found out; If anybody knows of it, it will not count. I will do at least two things I don't want to do just for exercise. I will not show anyone that my feelings are hurt; they may be hurt, but today I will not show it.

JUST FOR TODAY--I will be agreeable. I will look as well as I can; dress becomingly, talk low, act courteous, criticize not one bit, not find fault with anything, and not try to improve or regulate anybody but myself.

JUST FOR TODAY--I will have a program. I may not follow it exactly, but I will have it. I will save myself from two pests; Hurry and Indecision.

JUST FOR TODAY--I will have a quiet half hour all by myself, and relax. During this half hour, sometimes, I will try to get a better perspective of my life.

JUST FOR TODAY--I will not be afraid. Especially, I will not be afraid to enjoy what is beautiful, and to believe that as I give to the world, so the world will give to me.

Padding factory bid is \$1,165,000

Bids were opened Tuesday in San Antonio for construction of the proposed U. S. Bonded Padding Co. in Hondo with Villarreal Construction Co. of San Antonio the apparent low bidder.

Villarreal submitted a bid of \$1,165,000 for this portion of the project, which includes the building and e-

quipment.

Gerald Alexander, President of U. S. Bonded Padding Co., said Tuesday that the company would require from three to four weeks to clarify all aspects of the bid and clear everything with the Economic Development Administration.

"We are shooting for a month from today (November 7) to award the bid," he said. "Then about two weeks after the notice to proceed, the contractor should be ready to go."

According to Alexander's time table, the company hopes for groundbreaking and construction to begin about the first of January, 1973.

"In the bid, Villarreal specified a job completion within 210 working days from the receipt of notice to proceed," Alexander said.

Tickets on sale

Tickets are now on sale for the Hondo Chamber of Commerce Banquet which is set for 7:30 p.m. Monday, December 4, at the McDowell School Cafeteria.

Priced at \$3.00 per person, the tickets may be purchased from any Chamber director or at the Chamber of Commerce office.

Museum board discusses big special days for next year

Have you noticed the Medina County Museum has a new face?

Or at least it is getting a face lifting at the present time through a paint job being done by Ronnie Moore.

Actually, this is just one of the many changes being made at the Museum. Siding has been nailed in place all around the bottom of the building; a workshop area has been constructed inside; orders for steel have been taken to place steel bars over

all the windows; and several new items have been added inside.

These were a few of the disclosures made Monday night at the Museum Board meeting presided over by President Frank Graff.

"We are also in the process of painting a large Museum sign to erect atop a 20 foot pole," Graff said. "Mrs. Fred (Snookie) Bader is doing the painting and Bob Zerr has said he will do the welding."

Medina voters favor Nixon, Tower, Briscoe

Although it wasn't a good day for fishing, a majority of Medina County residents who registered to vote must have done so, because less than 50 percent of the 9,172

those registered went to the polls.

Those who did cast ballots joined the winners circle in favoring Richard Nixon, Dolph Briscoe, John Tower

and Jesse James.

On a local level they went heavily for State Representative John Poerner and County Commissioner Precinct 1 Fred Bader.

In the presidential race, Medina Countians joined the nation in giving President Nixon four more years in the White House. The vote was 3,987 for Nixon to McGovern's 1,499.

Neighboring Uvalde's Dolph Briscoe captured Medina County 3,607 to Hank Grover's 1,330. Ramsey Muniz had 694.

Senator John Tower was a strong favorite of Medina County voters, taking 3,141 votes to Barefoot Sanders' 2,006. Amaya drew 399.

Jesse James outdrew Maurice Angly 3,153 to 1,718. Solis had 510.

Rep. John Poerner, who won a seat in the 45th District, received overwhelming support of his home county. He received 4,660 Medina County votes to Republican

Jerry R. Houser's 919. Over the district the Wednesday totals showed: (with Poerner first)--Bandera--1300 to 696; Blanco--1157 to 505; Bexar (not final)--1000 to 1000; El Paso--2167 to 438; Hayes (not final)--3856 to 2486; Kendall--821 to 1966; and Medina--4660 to 919; total vote--14,962 to 8005 (not final).

Locally in Hondo interest ran high in the Precinct 1 Commissioner race where Tommy Santos opposed incumbent Fred Bader on a write-in effort.

The final tally showed Bader with 1516 to Santos' 258. These are unofficial counts.

Broken down by voting boxes these show (Bader first) Box #1--217 to 57; Southwest Hondo--528 to 9; Northwest Hondo--190 to 184; Southeast Hondo--529 to 8; Absentee--52 to 0.

A breakdown of unofficial voting can be found on page nine of this week's Anvil Herald.

School slates Open House Tuesday night

At 8 o'clock Tuesday night of next week the Hondo Independent School District is going to be a show off.

And the School Board, Administration and Faculty would like for the entire public to come and see them

"bust their seams" with pride over the new \$111,699 eight-classroom addition opened this year.

But this one area is not the only place residents will be shown. The Home Economics wing, the Vocational Agriculture building, the new trophy case and all the high school will be on the tour.

"We will meet in the high school auditorium at 8 p.m. for a very brief program," Superintendent Kenneth Flory said. "Then everyone will be dismissed to visit anywhere in the school plant."

Tuesday night is School Board night so trustees will be on hand to mingle with the people, and teachers will be in their classrooms to explain the courses they teach and answer questions.

Constructed by W. R. Griggs Construction Co. of Castroville, the new wing includes eight academic classrooms, restrooms, student lockers. It is of fire resistive construction and covered by brick on the exterior. Each room contains individual air conditioning and heating and plastic sliding domes.

"There are 8,057 square feet of space in the wing," Flory said. "This means we paid \$13.86 per square foot, which compares with costs in most of the new San Antonio schools."

Contributions of \$1 per x-ray are encouraged to help defray the ever-increasing cost of operating this community health service.

The Unit is also financed through contributions to the annual Christmas Seal campaign.

No funds to this voluntary health association are received from any local, state, or federal agency.

Representing Medina County on the Board of Directors of AATRA are Dr. W. S. Duty, Hondo, and Mrs. Estella Strayhorn, Castroville.

CofC elects officers

Election of officers for 1973 highlighted the agenda of the Hondo Chamber of Commerce directors at their Monday meeting.

Burnis Lawrence, Anvil Herald publisher, was elected as president to head the organization next year.

Serving as vice-president will be Henry C. Nietenhoef, owner of the Hondo Sears store. Superintendent Kenneth Flory will serve as treasurer.

In other action, directors voted to erect a sign at the west side of town wishing the Uvalde Coyotes the best of luck in the state playoffs (assuming they make it).

Directors also confirmed that Santa Claus has accepted an invitation to visit Hondo on Saturday, December 9. And at the same time, they urged all youngsters to come by and visit with Santa

and see if he has some candy for them.

Co-sponsorship of the Christmas Lighting Contest with the Hondo Garden Club was again approved for this year. Complete details will be released on the contest at a later date.

Mobile X-Ray coming

The Mobile X-Ray Unit of the Alamo Area Tuberculosis and Respiratory Disease Association will be in Medina County for one day.

Mrs. Glenn Bragg made arrangements for the Mobile Unit to be located at City Hall on Wednesday, November 15.

The time for being X-rayed will be from 11 a.m. to 1 p.m. and 2 to 6 p.m.

Members of Sigma Tau and Iota Epsilon Chapters will serve as registrants at the Unit.

All persons 15 years of age or older are urged to avail themselves of this service.

Contributions of \$1 per x-ray are encouraged to help defray the ever-increasing cost of operating this community health service.

The Unit is also financed through contributions to the annual Christmas Seal campaign.

No funds to this voluntary health association are received from any local, state, or federal agency.

Representing Medina County on the Board of Directors of AATRA are Dr. W. S. Duty, Hondo, and Mrs. Estella Strayhorn, Castroville.

Templeton will speak

Dr. Arleigh B. Templeton, president of the new University of Texas at San Antonio, Monday was confirmed as the speaker for the annual Hondo Chamber of Commerce Banquet scheduled for Monday, December 4.

The Banquet, to be held at 7:30 p.m. on the above date at McDowell School Cafeteria, also will honor the Outstanding Citizen for 1972, the Outstanding Farmer-Rancher and the Outstanding Farmer-Rancher Conservationist in the Medina Valley Soil and Water Conservation District.

Rural Texas eligible for aid

Rural Texas areas, subject of much concern over their loss of population in recent years, have a chance to reverse this alarming trend through the new Texas Rural Development Act, passed by the 62nd Legislature.

The Texas Rural Development Act is designed to help with up to 40 percent of the cost of financing new or expanding industry in rural areas for qualifying nonprofit foundations.

The Legislature passed this act strictly to help the ailing economy of rural Texas.

The Texas Industrial Commission, charged with administration of the new law, has set regional public hearings in four cities during the month of November to determine just who is eligible for this aid. The nearest to Hondo will be in Kingsville on November 16.

Officially, rural areas are defined in the act as those losing population during the last two federal census, or those, areas gaining less population or less manufacturing employment than the average for the state's Standard Metropolitan Areas.

AUSTIN--"There were 55,000 criminal trials pending in district courts and 216,000 civil cases pending on dockets in Texas at the beginning of 1972," former Texas Chief Justice Robert Calvert told those attending the Governor's fourth annual Traffic Safety Public Support Conference in Austin.

This "crisis in our courts" has been caused by the constitutional restrictions on the Judicial Article, Judge Calvert explained.

The "crisis is approaching a judicial scandal," he quoted Judge Truman Roberts of the Texas Court of Criminal Appeals as saying.

Judge Calvert outlined problems in the present judicial system in Texas--explaining that they were analyzed by the 1972 Chief Justice's Task Force for Court Improvement.

The major problems are (1) docket congestion and trial delay; (2) proper administration and (3) proper election of judges.

Proposals for complete reorganization of Texas courts will be presented to the 1973 Texas Legislature," the former Chief Justice continued. "Opposition will come from elected officials who are afraid it will affect their jobs."

"Judicial reform is doomed for this generation if public support does not overcome the opposition to these proposed changes in the Judicial Article of the Texas Constitution," he concluded.

A citizen's conference to gain support for the proposed judicial reform will be held in Austin on November 17--at which time specific legislative proposals will be outlined for the public and press.

REVENUE SHARING COUNCIL FORMED--The Texas Department of Community Affairs has been designated as the agency to provide information and aid to local governments in federal revenue sharing implementation.

Designation of the agency for liaisons between state-federal and local governments was agreed on at a meeting of the new Texas Revenue Sharing Council.

Texas is expected to receive about \$245 million during 1972 under the new federal revenue sharing program. About \$163 million of that will go to local governments, and \$81.5 million to state government.

The council, said Gov. Preston Smith, is not to interfere with individual decisions of local governments. Its purpose is to assist the local units with legal constraints and federal rules and regulations.

cal governments. The department, Texas Municipal League and Texas Association of Counties will assist the Treasury Department in completing lists of eligible governments and their officials.

The Department of Community Affairs was further ordered to plan a statewide workshop on revenue sharing for local officials.

Texas was termed "best prepared" of any state to begin implementation of revenue sharing.

Members of the Revenue Sharing Council include the Governor, Lt. Gov. Gen. Barnes, House Speaker Rayford Price, Seguin Mayor Al Koebig, Houston Mayor Louie Welch, Victoria Mayor Kemper Williams Jr., Nueces County Judge Bob Barnes, Ector County Commissioner Kellum Turner and Bexar County Commissioner Frank Vaughan Jr.

AG OPINIONS--Results of blood tests of drivers suspected of intoxication do not have to be disclosed to insurance companies and credit associations, Atty. Gen. Crawford Martin held.

In other recent opinions, Martin concluded: A state employee who resigns or is dismissed must be paid for all duly-accrued vacation time.

Texas Real Estate Commission may require licensees to use a specified contract form when acting as real estate brokers or salesmen.

The 15 cent special county road and bridge tax fund levy and the farm-to-market and lateral road tax fund may not be transferred into the general fund or used for any purpose other than roads and bridges.

THEFT, LITTERING CONTROLS PLANNED--The Department of Public Safety announced plans to combat commercialized motor vehicle thefts and to check littering on highways.

DPS has created a specialized task force to coordinate a statewide effort against auto theft. The 15-member group will investigate thefts of autos, boats, motorcycles, heavy equipment, mobile homes, travel trailers and boat power units. Members will be stationed at strategic locations over the state.

DPS patrolmen in all uniformed services, meanwhile, have been ordered to watch closely for motorists and others who throw litter on the highways or right-of-ways. Fines from \$25 to \$200 may be assessed for littering.

DPS actually made 841 littering arrests in 1971 as compared with 225 in 1960. About 50,000 motor vehicles were stolen in Texas last year, an increase of 17 per cent over 1970. Losses were

estimated at \$35 million.

SHORT SNORTS State Bar of Texas proposed to establish a clients' security fund to repay people billed by dishonest lawyers.

Ninety-three graduated from the DPS Law Enforcement Academy and received state patrolmen's commissions.

More than \$28 Texas peacan producers approved an assessment to finance research, education, promotion and disease and insect control.

Tax revenue from cigarettes increased from \$17.1 million in October, 1971, to \$19.1 million last month.

Voters approve 10 amendments

Ten of the 14 constitutional amendments received nods of approval from Medina County voters Tuesday.

They included: Numbers two, three, four, five, six, seven, eight, ten, thirteen and fourteen.

They included: Two (2498 to 2059), Three (3434 to 1935), Four (2906 to 2325), Five (3929 to 1464), Six (3744 to 1607), Seven (4293 to 1193), Eight (3027 to 2353), Ten (2640 to 2267), Thirteen (2508 to 2475) and Fourteen (2811 to 2455).

Falling to defeat in Medina County were: Number One (3501 to 1988), Nine (2994 to 2237), Eleven (4093 to 1294) and Twelve (2888 to 2555).

Washington report

By Representative Abraham Kazen, U. S. Congress

"Scheduling of examinations for 1973 Summer Employment in federal agencies has been announced by the U. S. Civil Service Commission," Congressman Abraham "Chick" Kazen, Jr., said today.

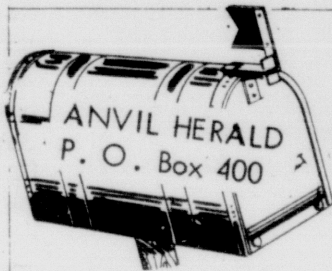

"Civil Service officials announced three test dates for 1973 summer jobs in Federal agencies. The first testing date will be on January 6, 1973 and will apply to those candidates whose applications are received by November 24, 1972. The second testing date will be held on February 10 and will apply to those whose applications are received by December 29, 1972. The last testing date will be held on March 10 for those whose applications are postmarked by January 26. Applications that are postmarked after the January 26th date will not be accepted," Congressman Kazen noted.

Those applicants who received an eligible notice of rating for 1972 summer employment do not have to take the written test again unless they want to improve their scores. The applicants that rated eligible in 1972 will be sent special forms with which to update their qualifications and indicate their availability for employment in 1973.

The Commission urged candidates to apply early for the most consideration and emphasized that the number of jobs available through the nationwide test will be very small in proportion to the number of people who compete. In 1972 out of 203,244 eligibles, only 12,000 were appointed through the nationwide CSC examination.

The Civil Service Commission advises those who wish summer work not to apply solely with the Federal Government as there are more applicants than positions available and everyone who applies cannot be hired.

Complete instructions for filing and information on opportunities available are continued in the CSC Announcement (No. 414) "Summer Jobs in Federal Agencies". This pamphlet can be obtained from Federal Job Information Centers, most college placement offices, or from the U. S. Civil Service Commission, Washington, D.C. 20415.

Letters from the mailbox

Dear Sir:

In the interest of giving credit where credit is due, I would like to comment on your article on Parker Creek Reservoir (Anvil Herald 11-2-72).

You said, referring to the Seco Creek Project, "due to lack of cooperation by land owners and sponsors, mainly the county commissioners court, the total project is at a standstill."

To the best of my knowledge, the commissioners court gave full support to this project until the land owners petitioned the SCS to stop all work on the project. It is my opinion that the commissioners felt, as the Edwards District did, that it was not proper to try to force this project on the land owners against their wishes.

At a later date, when the Edwards Underground Water District decided to build one dam, at a site where the land owners were agreeable, as a pilot recharge structure, again the county cooperated completely. It is well to remember that while the EUWD is paying for actual construction costs and a part of the relocation cost (to move roads, phone lines, etc.) the county will bear a good deal of these relocation costs and has assumed responsibility for maintaining this structure for 50 years. This is no small matter.

I have been a director of the Edwards Underground Water District since 1959 and the Medina County Government has always cooperated with us on any action for the benefit of the people of the area.

Thanks for letting us set the

record straight.

Bradley Bailey
Vice-Chairman
EUWD

Hello there,

While I don't know many of you people personally in the Hondo Chamber, I want you to know I have always supported good causes wherever I might be.

Sincerely,
Ralph Hancock
(Hancock Ranch)
(Editor's Note: Along with this note the writer sent \$50 for a membership in the Hondo Chamber of Commerce. The Chamber has assisted the ranch in hunting leases in the past, and the new membership is certainly appreciated, officials say.)

Dear Mr. Lawrence,

On Nov. 11, 1918 a great war ended.

On Nov. 11, 1972 (Sat. of this week) marks the 54th Anniversary of that historic occasion. True, a few of us live to re-count the happenings of that day--among them, burying the bodies of those who failed to make the day. Or should I say "half day" for promptly at eleven o'clock the war ended. The last shot sounded--weather cleared, sun shone brightly later that day.

This was Armistice Day--and until 1953 this country celebrated Nov. 11th as Armistice Day, by then another world war had ended and the Korean cease-fire had occurred, without the nation marking in any special way the dates that ended the hostilities of these savage wars.

What's wrong with November 11th?

Dr. O. B. Taylor

"SIGN THAT CoC CARD"

. . . is the word from all Hondo Chamber of Commerce directors. Memberships keep coming in but many businesses and individuals have not returned their membership cards. "Send 'em in and let's make this the greatest year ever for membership in the Hondo Chamber," directors urge.

ALLEN LEE

. . . who will assume duties of County Attorney January 1 has already had one move since allocation of office space in the Courthouse.

Our story last week had him going into the northwest corner on the second floor. He was at that time; but he ain't now. He's moved.

Since last week it has been decided that the southwest corner on the second floor, previously occupied by two offices of the Department of Public Welfare, is better suited for Lee since it is already partitioned.

So all I can say at this time is that since last week Lee has moved south--but he is still just across the hall.

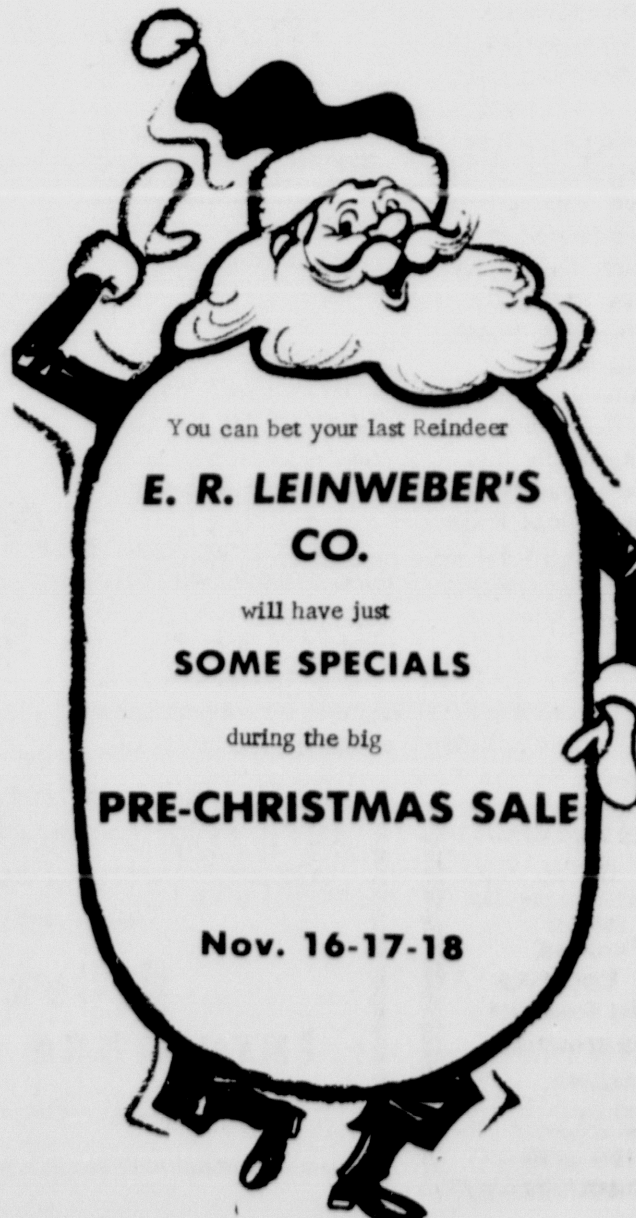

Building Trades is new course

Building Trades class is a new program for Hondo High School's vocational-oriented students. Taught by Jack Heath, the half-day course supplements a student's high school education with practical training in construction and carpentry.

The students may take the course in either a morning or afternoon session, attending regular classes for the other portion of the school day. Under Heath's leadership, they learn to operate hand and power tools safely and skillfully, supplemented by specially-applied arithmetic of measurement, and visual aids.

Most of the classroom portion of the course is taught in the old Lacy School Gym. Practical experience is gained on actual construction sites in Hondo, away from the school.

The major project of this year's inaugural class will be the construction of a house in Hondo, after the semester break this Christmas. Students will participate under supervision in all phases of the house construction, including masonry, carpentry, and electrical wiring. Thus, all the classroom knowledge of a year will be put to use, and the students can continue to put their skills to use in the job market after graduation.

Monroe L. Taylor dies at 78

Monroe L. Taylor, formerly of Hondo, died Wednesday, November 8, at the V. A. Hospital at Ft. Root, Arkansas near North Little Rock. He was 78 years old.

Funeral services will be

held at 2 p.m. Friday, November 10, at McNutt Funeral Home, Conway, Arkansas. Interment will be in Huntersville Cemetery in Choctaw, Arkansas, his wife's home.

Born in Hondo, Taylor was christened December 9, 1894 in the Lutheran Church of Castroville by Reverend Hummel. Taylor volunteered for service in the U.S. Navy in June of 1917. He served until his discharge on September 13, 1919, with the Pacific Fleet on the U.S.S. Brooklyn.

He was a member of Hondo City Lodge #756, A.F. & A.M., for more than 50 years.

He is survived by his wife, and brother, Dr. O. B. Taylor, of Hondo.

Renewing vows

Betty Jean Martin Riley and Lester B. Riley were married Nov. 4, 1944 and on November 4, 1972 they renewed their vows in a ceremony at St. John's Catholic Church in Hondo. They were married in St. Gerard's Church in San Antonio 28 years ago. (Photo by Ted Mendoza)

Pecan show date set in Uvalde

The Third Annual Wintergarden Area Pecan Show will be held in the Community Room, First State Bank, Uvalde, November 29 and 30. Glenn Bragg, County Extension Agent, announced this week.

Any person in Medina County or the Wintergarden Area who owns a pecan tree is eligible to enter the show; however, all pecans entered must have been grown in 1972.

All entries of nuts must be entered by 12 noon on Wednesday, November 29. En-

tries from Medina County can be left in the Medina County Extension Office prior to 9 a.m. Wednesday, November 29. Entries should be marked with the owners name, variety and grower's address. In case the variety is unknown leave it blank and pecan experts will identify the variety.

First, second, and third place entries will be sent to San Antonio and entered in the Regional Pecan Show. The Top three entries in the Regional Show will be sent to the State Show.

Four men charged in assault

Four men from Devine were charged with robbery by assault and arson in connection with a case where they allegedly stabbed and beat a man, stole \$157, took his pickup, stole his rifle and then set fire to the pickup.

Charges were filed on Henry Reyes Tijerion, 18, Casimiro Velasquez Jr., 18, Carlos Monreal and Joe Guajardo, all of Devine. Tijerion and Velasquez are out on \$3,000 bonds on each charge. The other two were in jail Wednesday morning.

The incident happened on the night of November 2, when the four allegedly stabbed Arturo Torres, dumped him in a ditch after taking \$157 from him, and

then drove his pickup out in the country, poured gasoline over it and set it afire.

Sheriff Charles J. Hitzfelder said the rifle was recovered.

Charges filed on G. Garcia

A Hondo man, Guadalupe Garcia, is out on bond this week after being charged with two counts of embezzlement.

The charges were filed by Mumme's Inc. where Garcia worked as a route driver selling eggs and feed. Allegedly, over the past two months Garcia had been taking cash payments from customers and then reporting to the office the customers had not paid. Customers say they have signed receipts for the cash.

Bond of \$5,000 on each case was set by Justice of the Peace Harold Herring and Garcia is out on bail.

and special prizes will be awarded the three teams bringing in the most money.

Workers will be contacted this week by Mrs. Lillian Porter, chamber manager, to ask their participation in the drive.

At the Monday meeting, Mrs. Porter reported that some 95 members have joined for 1973. Some 17 of these are new members.

"We had about 154 members this year," President Bud Woolfs said. "And we hope that by the time of the personal contact drive on December 1, most of these will have returned their cards."

Chamber plans big membership drive

A one-day membership drive for the Hondo Chamber of Commerce was approved for Friday, December 1, by directors meeting Monday noon.

The drive will kickoff at a "Dutch-treat" breakfast at 7 a.m. on that date where workers will select cards on businesses to be worked.

Then in teams of two, the workers will fan out over the city and push through a successful drive that day.

Radio Station KRME will report an hour-by-hour review on the progress of the drive

R. Flores makes bond

Hondo City Patrolman Pete Pruneda had his finger in the right place on the night of November 5--and it saved his life.

And Rogelio Flores of Hondo is out of jail after posting a \$15,000 bond charge stemming from of assault with intent to murder.

The narrow escape of Pruneda came about when he was making an arrest on a man for DWI near Stillman's Truck Stop Cafe.

Reportedly, Rogelio Flores and his 14-year-old brother charged in and the older man

began cursing Pruneda and telling him he couldn't arrest the other man.

Pruneda is reported to have told him to go on and eat with his wife and stop interfering. Flores allegedly called him a "pig" and other names and refused to leave, and Pruneda told him he was under arrest.

Then a struggle began and the younger brother grabbed Pruneda from behind and started choking him. While this was going on Rogelio Flores is said to have grabbed Pruneda's gun and shoved it in the patrolman's side. Pruneda managed to keep his hand or finger on the trigger guard to prevent it from firing. He then wrestled the pistol away from Flores and after that the two brothers fled.

They were also charged with fleeing from a peace officer and disorderly conduct. Examining trial will probably be held next week, although the District Attorney's office has not set an exact date.

Edwards is subject of meeting

Underground water from the Edwards Aquifer will be discussed at 8 p.m. Tuesday, November 14, in the vocational agriculture building at Hondo High School. The public is invited.

Celso Puente, hydrologist for the Water Resources Division of the U. S. Geological Survey in San Antonio, will be the speaker for the program. Puente will show a film "The Edwards Story" and discuss the fluctuations in water levels of water wells drilled into the underground Edwards Aquifer. The recharge of water into the Edwards also will be discussed.

The program is sponsored by the Hondo Young Farmer Chapter who will be holding their regular monthly membership meeting at this time. A dove stew supper will be served to Young Farmer members prior to the program at 7:30.

After the program a short business meeting will be held to discuss the annual deer hide project. Each year, the Young Farmer members collect deer hides donated by area hunters at Honig's Welding Service and sell them to support their community agriculture activities.

Members will also be invited to participate in the Chapter's deer horn and turkey beard contest. Prizes will be awarded to the member with the antler with the widest spread and the most points at the January meeting.

Mr. and Mrs. Maurice Haby of Castroville visited Mr. and Mrs. Albert Tschirhart last Thursday evening.

Mr. and Mrs. Leroy Stein and son were at Lytle Friday. Mr. and Mrs. Allen Ihnken were at Castroville Friday.

POW discussion

POW/MIA's will be the topic of an open to the public program Tuesday, November 14th, at 8 o'clock at the Educational Building of the First United Methodist Church.

Capt. and Mrs. William Goodrich and a POW/MIA wife or mother will be here for the presentation. A five minute film and a question and answer period will follow a background talk.

Capt. Goodrich is stationed at Lackland AFB and Mrs. Goodrich is active with the POW/MIA organization in San Antonio.

Three persons expected to be at the meeting will be Mrs. Henry Revanna, whose only son Henry III is an MIA; Mrs. Meyer, who had never heard from her husband until last week when she received a letter; and Mrs. Klaus Sholz, whose husband is an MIA.

The program is being sponsored by Iota Upsilon chapter of ESA and all interested age groups are encouraged to attend.

Miss Sandra Howard is bride of Terry Schott in Catholic rites

Miss Sandra Ann Howard became the bride of Terry James Schott in an evening ceremony in St. John's Catholic Church, Hondo, on October 7, 1972. Father George Stuebben, pastor, officiated in the Catholic Mass.

Parents of the young couple are Mr. and Mrs. Jack N. Howard of Hondo and Mrs. Clifton J. Schott and the late Mr. Schott of Castroville. Given in marriage by her father, the bride wore a long white satin empire dress with

lace, long train and full sleeves. Her headdress was of lace and pearls. She carried a bouquet of white mums with orange and yellow roses. Attending the bride as maid of honor was Jean Howard. Janet Rothe was matron

of honor. Phyllis Ducos, Joyce Howard and Lou Ann Schott served as bridesmaids. Their dresses were waist dress with the flowered skirts and solid orange bodice. They were decorated with cap sleeves and buttons of the skirt material and carried umbrellas of gold orange and brown flowers.

Flower girl was Melissa Kwalick.

David Schott was best man. Groomsman were David Schott, Eddie Stecker, Ralph Hoog, John Howard and Gregory Hans. Tommy Schott, Tommy Ducos, Tommy Rothe and R. L. Haas served as ushers. Ring bearer was Darrell Bourquin.

Folk music played on guitars was presented. Approximately 800 guests attended the ceremony.

Following the ceremony a supper was held at the National Guard Armory sponsored by the bride's parents, Mr. and Mrs. Howard. One-thousand guests were in attendance. They were served barbecue with trimmings.

Serving the wedding cake was Sheri Hoog. Sheila Schott and Vicki Boehme presided at the bride's book. Other attendants included Linda Lutz, Nancy Lutz and Cindy Mumme.

For their wedding trip to Las Vegas, Nevada the bride was attired in a green-layered pant suit. They are now making their home in Castroville where Mr. Schott is manager of Schott Supermarket. The bride is a beautician at a local beauty shop in Hondo.

Mr. Schott attended St. Louis High School in Castroville and Southwest Texas State University, San Marcos and Mrs. Schott is a graduate of Hondo High School.

Junior Garden Club meets

The Hondo Junior Garden Club met Wednesday, November 8, at 6 p.m. at the Municipal Auditorium. A program titled "Beauty in Entomology" was presented by club members Mike and Mary Jo Rummel and Chris and Douglas Cole.

Juniors manning the reclamation center Saturday, Nov. 4th, were Mary Carabjal and Annie Lee Geuea. Over 17 tons of paper items have been collected at the reclamation center for the purpose of recycled into new paper products since operation began October 2, 1971.

It takes about 17 trees to make a ton of newsprint, and the Junior Garden Club is proud of the 17 tons they collected with the support of many interested citizens.

The Junior reclamation center is open daily across from Bingo Auto Parts, corner of Avenue K and 18th Street for the collection of tied newspaper, magazines, corrugated and IBM cards, also crushed tin and aluminum cans are to be placed in marked barrels. Youth interested in beauty, gardening, conserving of our natural resources, so that he or she may serve his community with civic pride is welcome to attend monthly meetings.

For further details contact adult leader, Mrs. George L. Cole.

MARY (Mrs. Hugh) MEYER's traditional Trick-or-Treat, a beautiful UGLY lollipop, all home-made and delicious, reached me a little after the witching hour but it will remain on display for a long time. Halloween wouldn't be the same without the UGLY.

Up Dallas-way, applicants for the seasonal S. Claus jobs are in short supply, with only one seeking the job as of last week, even at the \$2.50 hourly wage.

Each year, I think of how fortunate our Hondo small folk are to have a dedicated resident Santa who can always be counted on to keep the starlight shining in eyes whose trusting wonder and appreciation are his only reward.

Blessings on you, Friend!

And, the mere mention of the festive season brings to mind that Hondo's Empty Stocking project is due for a return engagement, under the empathetic leadership of MARY RUTH CAMERON and her crew of willing-worker assistants.

True to their annual custom, the PAUL REILY family headed the list of early contributors. Announcement of donors will be made from week to week. Forty-six needy families, with about 112 children, and some older residents with no one to provide for them, will face a bleak Christmas without the E.S. Fund's concern for their welfare.

Mail that check now. Your own Christmas will be the merrier for your caring and sharing. EMP-TY STOCKING FUND, Box 85, Hondo 78861. Thank you.

JOSIE (Mrs. Amos) FINGER of D'Hanis is hereby notified of my appreciation of her fine feature story about the 125th anniversary of that pioneer settlement's founding. I am keeping a copy in my Medina County file.

And, Lucky LORENE TSCHIRHART to have made the eventful African tour and returned home safely all in one piece to share it with ANVIL HERALD readers.

After the adventure among three competitive African tribes seeking control, I'd imagine that the controversy among our nation's aspirants for political power in a general election year seems tame by comparison, doesn't it, Lorene?

SMALL WORLD DEPT. --We have new next-door neighbors, MIKE and SHERRI GILBERT and their two sons, JACK (4) and DAVID (2). In the process of getting acquainted, I learned that Sherri's mother, who is the former LENORA INEZ BARNES, now Mrs. FRANK SHEDD of Port Aransas, was born in Hondo on my birthday, Oct. 18, only a much later model.

She lived in Hondo only a few weeks before her parents moved from there.

This week, 37,500 tons of U.S. (including Texas) "controversial" wheat began its long voyage from the Port of Corpus Christi, via the Yugoslavian vessel KOTAR, which is scheduled to reach its final destination via the Black Sea and the Port of Odessa, one of the U.S.S.R.'s chief ports and a long way from our U.S. cities of the same name in West Texas and West Missouri.

Noting the exchange of comments on delinquent accounts in the Hondo business world, I quote this appeal which was put, nicely but precisely, in our local paper on Sept. 2, 1905, by a Hondo blacksmith: "All who are indebted to me in any amount are hereby requested to come forward at once and pay up at once."

Wonder if the ad got any results?

Read and learn: A recent oil column in our local daily reported drilling thus: "The number of active rigs actually making hole in the U.S. & Canada totaled 1,344 last week."

And I thought that "making a hole in one" was limited to lucky golfers.

Since such news is apt to get around, some of my friends have heard by now that my good right eye which has given me more than 7 1/2 decades of dependable, uninterrupted service suddenly decided to go on permanent blackout.

I plan to continue "business as usual" in these paragraphs and try to abstain from interjecting any "leftist" thinking. A clever person, I've heard tell, is one who puts his personal problems aside for a brainy day.

I'm inclined to wade head-on into mine and say, "God, if you can't help me, for goodness sake don't complicate my problem!"

Remember the song about the man who found himself suddenly treed by a bear? That's what he said, or words to that effect.

And now, a cheerful "Hasta la vista, Amigos!"

An open letter

TO OUR DEAR FRIENDS,

Of all the tasks that confront a grieving family after the funeral, the most overwhelming is the bittersweet duty of attempting to say thank you to so many who did so much for so few.

In our instance we shall begin with Dr. Parker Meyer, who gave medical attention in the finest tradition of his profession, whenever he was called, more often than not long after office hours.

The nursing care of the terminal patient is one of the most challenging areas in that profession and at Medina Memorial Hospital these dedicated women in white have elevated such care from a skill to an art.

But hospitals are more than doctors and nurses. To the thoughtful and imaginative cooks who know how to tempt a lagging appetite we send our appreciation. And roses on a patient's birthday tray must happen only in Hondo!

Our beloved priests and men of God are never more needed than at the sad moments in our lives. To Fathers Stuebben, Carolan and Silverman, our pastor, Father Schmidtzinsky, and Reverend Hanemann, may God bless you too.

To those of you who said you care with flowers, we were comforted. For the gifts of food and baked goods that made our kitchens overflow, we were filled and we shared your generosity with our many visitors. For the Mass offerings a simple thank you will have to do; there are no other words.

For coming to share our grief, thus dividing it into small portions, both at the Rosary and again at the funeral, please know we were consoled. And we are very grateful.

During the long final illness of our husband and father, we were constantly made aware of your loving concern. We regret that it was often necessary to say no visitors were allowed. For your kind and continuing support during those difficult weeks we add one more note of thanks.

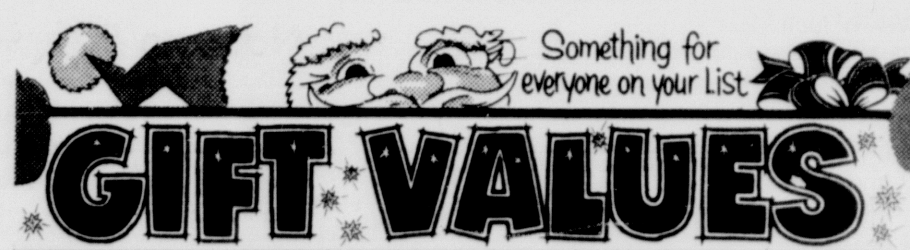

Finally, to the brothers, sisters, parents and other relatives of my children's spouses, I want to say now how very helpful it was to have additional "family" during this time.

In closing, we ask God for each of you that you may know, as we did, the special blessing of many friends when they are most needed.

Sincerely,
AGNES R. NEY AND FAMILY
(MRS. HERMAN J.)

Woman sure to enjoy food history in The Texas Star

Tracing back to a little mission kitchen garden planted in 1682 on the banks of the Rio Grande near El Paso, the agricultural economy of Texas has since grown into a gigantic agri-business complex worth \$6.6 billion annually.

Explored in the November 12 issue of the Texas Star is the state's abundant food production, which now tops all other 49 states in total volume. The Star takes a look at Texas foods from the perspectives of production and industry, preparation for holiday feasts, history and tradition and even dieting.

Included in this week's edition of the Star are recipes for holiday desserts by the

Mrs. Anna R. Neumann laid to rest at age 91

Mrs. Anna R. (Bohmfolk) Neumann entered rest November 4, 1972 at her home at 512 Division Ave., San Antonio at the age of 91 years.

She was born May 24, 1881 at New Fountain, Texas, the oldest child of the late Herman (Harm) and Augusta (Winkler) Bohmfalk. She was christened in New Fountain Methodist Church the following year and was confirmed at an early age at the same church—her girlhood years was spent in a background of religious environment.

In 1944, she transferred her membership from New Fountain Methodist Church to Travis Park Methodist

Church, San Antonio.

In the year 1900, she was married to August Edward Neumann at Marfa, Texas. To this union were born eight children, the family lived at Hondo, Atascosa, Biry, New Fountain and resided in San Antonio since 1917.

Her first husband, A. E. Neumann, passed away in 1926. In 1944, she married William F. Neumann of LaCoste, Texas. He passed away in 1962.

She was the last member of her immediate family. Four sisters, one brother, two sons, two daughters, and one grandson preceded her in death.

Surviving her are two

daughters, Lillie Schneider and Ella Friedrich of San Antonio; two sons, Harry and Raymond Neumann, also of San Antonio; 11 grandchildren and nine great-grandchildren.

Rev. L. S. Dubberly, pastor of New Fountain Methodist Church, officiated at the service in Guinn-Horger Funeral Home at 2:00 p.m. November 7. Interment was in Oakwood Cemetery, Hondo.

Pallbearers were her grandsons Robert Schneider, Terry Neumann and Rudy and Raymond Friedrich, nephew Clarence Neumann, great-grandson, Steven Gilliam.

Not a disease

No, the old depot housing the Medina County Museum does not have a disease, despite the splashes. It's getting a new paint job. Ronnie Moore is applying the two coats of paint in a color matching the old paint as closely as possible. When completed the fresh paint job will give the Museum a "new look". Sammy's is award-winning restaurant

Sammy's Drive Inn in
some ways is as new as to-
morrow, but the original idea
of a good eating place

goes back all the way to
1949.

In that year, brothers
Sammy and Leon Tschirhart
opened an ice station on the
east side of the Medina River.
In 1951, they added ham-
burgers and soft-serve ice
cream to the operation, and
provided curb service to their
customers. Sammy ran the
hamburger business as soon as
he graduated from high
school, in 1952.

After two years in the service
as a cook, Sammy re-
turned to Castroville, and in
1959 he bought the building
and property of the cafe from
his brother. Since that time,
Sammy has improved both
the building and the service,
while extending the menu,
until today the Drive Inn

serves more than 160 people
at once, with a complete
menu. More expansion and
improvement is planned for
the future, as new growth de-
mands it.

Sammy was honored last
June as the Outstanding Res-
taurateur of the Texas Res-
taurateur Association, of which
he is a member.

The honor reflects his de-
votion to providing high-
quality, yet reasonably priced
meals for a wide range of
customers; from his 4 a. m.
Hunter's Breakfast during
hunting season, to his after-
Church Sunday dinners.

"We invite all of you to
come to Sammy's the next
time you eat out. Our foods

have been specially prepared
for your enjoyment," say
Sammy and his Drive Inn
staff.

VOE prepares students for post-diploma work

One of Hondo High School's two new vocational-designed courses is the Vocational Office Education class, taught by Mrs. R. D. Gwartney in the new high school annex.

There, girls (and boys, too) learn not only the operation of common office machinery, but also office etiquette, office filing procedures, and management.

The students number 25 this year, all seniors, as required by the course guidelines.

The only pre-requisite for taking V.O.E. is typing ability, although other high school courses such as book-keeping and shorthand are helpful.

In the V.O.E. classroom, students learn to operate electric typewriters, dictation and transcription machines, electronic calculators, mimeograph, mimeoscope and offset printing press duplicator.

One student serves as receptionist for the class for a period of time, and is responsible for meeting guests, filing papers, and answering telephones.

Another student serves as office manager on a rotating schedule. This student is responsible for keeping a running inventory of supplies

for the class, and orders the supplies when necessary.

In spite of the two-period length of V.O.E., the students lose no time from their other courses, and complete a regular course of study for their diploma. In fact, the experience gained in V.O.E. could make it possible for a college-bound student to find part-time employment during the college years. Standards and curriculum for the Hondo V.O.E. class are coordinated with similar programs elsewhere through the Texas Education Agency.

Mrs. Gwartney draws heavily on her experience as an office worker prior to her teaching career.

Special programs are available to each student enabling him to specialize in a certain phase of office or clerical work, including legal or medical secretarial skills.

In the future, Hondo High School hopes to initiate a cooperative phase to the program, which would allow a two year program. The first year would be similar to the present program. The second year's activities would include actual part-time office work downtown for the student, in addition to limited classroom work.

FFA team places third

These Hondo FFA boys placed third in Land Judging at a District Land and Range Judging contest held October 26 in D'Hanis. Left to right, they are Dan Wilson, Jimmy Mumme, Bill Bendele, Cornell Saathoff and Don Wilson.

Seniors elect officers

Hondo High School Senior Class elected class officers for the 1972-73 school year last week.

Yancey News

Mr. and Mrs. H. E. Richardson, Jr. and Denise of Dickinson, Texas spent last weekend at their hunting cabin in Yancey.

Mrs. Hulda M. Wiemers, Mrs. Richardson's mother from San Antonio, spent the weekend with them. They hunt on the Edwin J. Wiemers Ranch in Yancey.

Gary Richardson, a freshman at A&M and son of the H. E. Richardsons, also hunts at the Wiemers Ranch. While here they enjoyed a fish fry at the Wiemers cabin.

Others included Mr. and Mrs. Andrew Moennink and Lill and Nell Moennink. They also attended the barbecue Saturday night at the New Fountain Methodist Church.

Those students chosen were: Raul Rios, president; Nancy Lutz, vice-president; Estella Leyva, secretary; Vangie Carmona, treasurer; and Amy Johnson, reporter.

Teachers to hear Gen. 'Chappie' James

SAN ANTONIO--More than 10,000 classroom teachers and public school administrators from the 18 counties of Alamo District XX, Texas State Teachers Association, including Medina, are expected to take part in the district's 28th annual convention Nov. 10 in San Antonio's Convention Center.

The conclave will include speakers and programs on almost every aspect of public school education, said Miss Barbara Wofford, North East schools, district president. Robert C. Henderson, San Antonio schools, Alamo District president-elect, is general chairman.

Key speaker on the general session to begin at 9:15 a. m. in the Convention Center Arena will be the Deputy Assistant Secretary of Defense for Public Affairs, Maj. Gen. Daniel (Chappie) James Jr., USAF.

General James flew 78 combat sorties into North Vietnam, many of them in the Hanoi-Haliphong area. He once led a flight, known as the Bolo MIG Sweep, that scored the highest total MIG kill of the war, seven Communist MIG 21s. He and his immediate commander, Robin Olds, who also is now a general officer, were affectionately nicknamed "Robin and Black Man" by their men.

General James, who received a B.S. Degree in Physical Education from Tuskegee Institute in 1942, has been widely editorialized in numerous publications, and excerpts from his speeches on Americanism and patriotism have been read into the Congressional Record.

Giving the message of the 150,000-member TSTA on the same program will be Mrs. Patsy Duncan, Amarillo, current TSTA president.

A popular feature of the annual convention is the Exhibits Area, which will be open from 8 a. m. to 3 p. m. Nov. 10, as well as from 4 p. m. to 8 p. m. the previous day, Nov. 9. Here the educators may see the many different products and services that are available to school systems and classrooms. John A. Ciese, Boerne schools, arranged the exhibits.

After the general session on the morning of Nov. 10, there will be 31 luncheons and 23 afternoon section meetings, each with a program on some educational specialty.

About 500 persons will attend the district's House of Delegates dinner and meeting from 6:30 to 10 p. m. Nov. 9.

The National Education Association breakfast at 7:30 a. m. Nov. 10 will have Dr. Jerome Weyand, president-elect of San Antonio College, as its speaker. "Quality Education for All" is the convention theme.

Library News

Hondo Public Library is one of 12 libraries in the 24-county area that surrounds San Antonio that have qualified for membership in the San Antonio Major Resource System organized under provisions of the Texas Library Systems Act. Administered by the Texas State Library, the Systems Act gives public libraries that meet certain standards of local support the right to join a system for carrying out cooperative programs of various kinds.

San Antonio Public Library serves as the Major Resource Center for the system. Serving as an area library is Butts-Holdsworth Memorial Library. Community libraries are Boerne Public Library, Crystal City Memorial Library, Eagle Pass Public Library, Pioneer Memorial Library, Hondo Public Library, Kimble County Library, Kames County Library System, Dittlinger Memorial Library, Frio

Public Library and El Progreso Memorial Library.

Under the Statewide Plan for Library Development, Texas has been divided into ten areas. The largest library in each serves as the Major Resource Center. Other libraries serving more than 25,000 persons and meeting other qualifications are area libraries. Smaller libraries are designated community libraries.

A total of 195 libraries throughout the state qualified for system membership. "We are particularly gratified that 29 libraries that did not qualify for membership last year joined the system this year," said Dr. Dorman H. Winfrey, director of the Texas State Library. "This not only means that local support for libraries is improving but also that libraries are recognizing the benefits of system membership to their patrons."

Mr. J. N. Meyers

James N. Meyers, Assistant Administrator for the electric program of the Rural Electrification Administration, retired November 8 because of health reasons. It was announced by REA Administrator David A. Hamill.

Everett C. Weitzell, REA Deputy Administrator, will serve in a dual capacity until Mr. Meyers' position is filled.

Jim Meyers retires from REA position

Myers, who suffered a heart attack in 1971, plans to spend the next several months resting in the Austin area before making future plans. Administrator Hamill praised Mr. Meyers for a "fine job". Hamill said that during Mr. Meyers more than 3-1/2 years as head of the electric program "many changes

have come about which were for the betterment of the rural electrification program but at the same time increased the burdens upon the Assistant Administrator. We wish Jim a fast recovery, and we know that we are not losing him from the rural electrification program."

Myers, who recently spoke at the annual meeting

of the Medina Electric Co-op., termed his decision to retire the "hardest I ever had to make, but I feel it is best for me and for my family."

He was appointed head of the electric program in May 1969. In this capacity he has been responsible for directing and coordinating the program in 46 states.

He joined REA after eight years as general manager of the Medina Electric Cooperative of Hondo. Before coming to Medina he had served as manager of the Coffey County Rural Electric Cooperative Association, Burlington, Kansas, and of the Southeast Colorado Power Association, LaJunta, Colorado.

FFA leadership contest set for HHS

The Revaldina FFA Leadership Contest will be held at Hondo High School Thursday, November 9.

There will be three judging events for the Greenhand division (first-year Vo-Ag students). These will be Chapter conducting, Farm skill demonstration, and FFA quiz.

Two county girls among candidates

Twenty-seven Texas A&I University co-eds have been pledged by three of A&I's sororities.

Among the names announced by the Panhellenic Council were Josie Blotz of 119 Teel, Devine, daughter

of Mr. and Mrs. H. M. Blotz, who was pledged by Alpha Delta Pi.

Also, Janice Martin of 2809 Avenue I, Hondo, daughter of Mr. and Mrs. Oliver R. Martin. Janice was pledged by Chi Omega sorority.

Judges for the Revaldina FFA Leadership contest will be Vo-Ag teachers from the Winter Garden FFA District. There were eight Ag teachers judging the Winter Garden FFA District Leadership contest at Jourdanton on October 31.

Approximately two or three teams will be representing each of the 12 Winter Garden FFA Chapters.

Resolution honors church

The recent dedication of the 125th anniversary of St. Dominic's Church in D'Hanis and the unveiling of a state historical marker has an added honor. It is HSR No 76, a Resolution passed by the Texas House of Representatives. Rep. John Poerner introduced the Resolution which gives brief highlight on the church, parish and community history and describes both the Anniversary and historical recognition. It resolves: "that the House of Representatives

of the 62nd Legislature, 4th Called Session, congratulate the communicants of Holy Cross parish and citizens of D'Hanis as the parish observes 125 years of Christian dedication; and ... for the tremendous contributions made by the church in the past 125 years. Preview . . . Pearsall Mavericks

The Mavs have Championship potential. They proved that last week by defeating contender Medina Valley, 24-21. Now all that remains in their way is a pair of king-size obstacles ... the Hondo Owls and the Devine Warhorses.

Coach Frank Trevino's boys were picked before the season by the District coaches to finish second behind Hondo. Now with the Owls out of the picture, they have as good a chance as anyone of winning the crown.

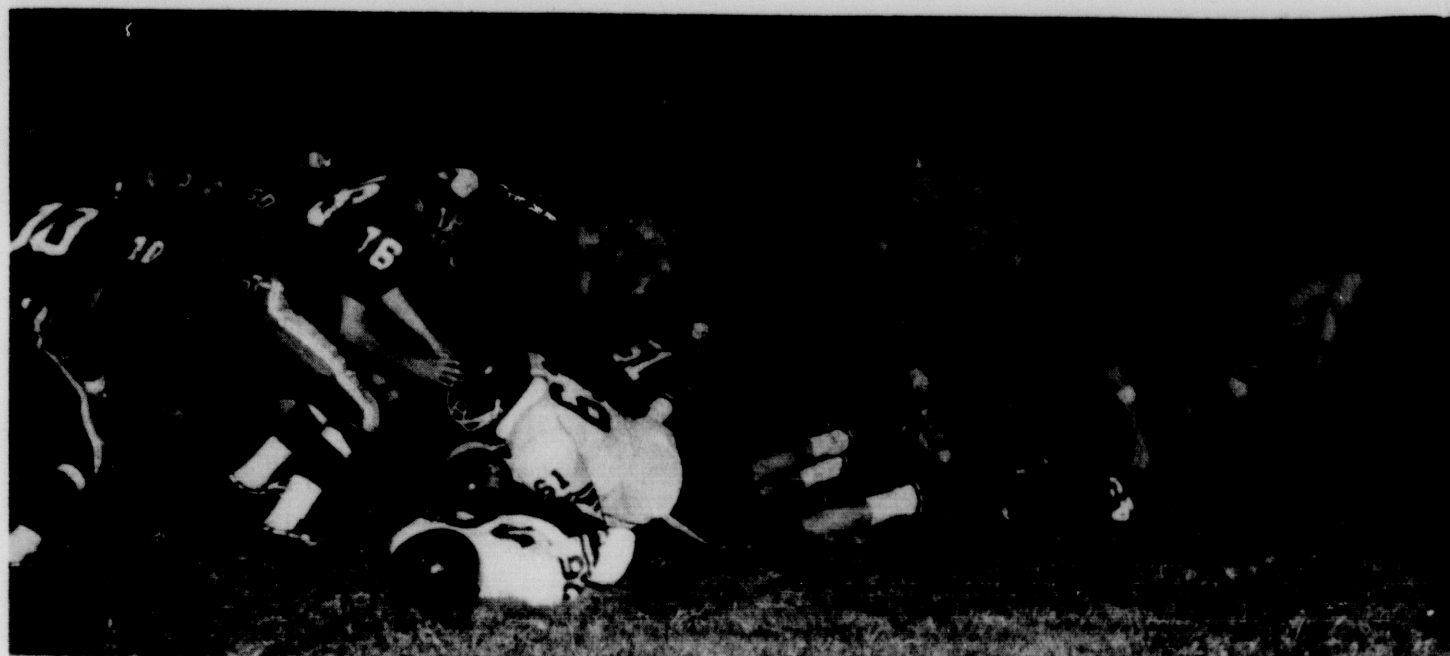

Some notable linemen among the Pearsall players are 220-pound Chuck Carroll, who is a junior at center. Guards are no problem, led by senior Andrew Garza at 185 pounds. Tackles include Ernie Lively along with 240-pound David Waldrum.

With personnel like this, the Mavericks have the size to overpower their opponents, and the depth in several key spots to outlast them.

In the backfield, quarterback Steve Wilson is accompanied by fullback Victor Vinton and Harlon Hanson and John Sutton, along with some capable substitutes.

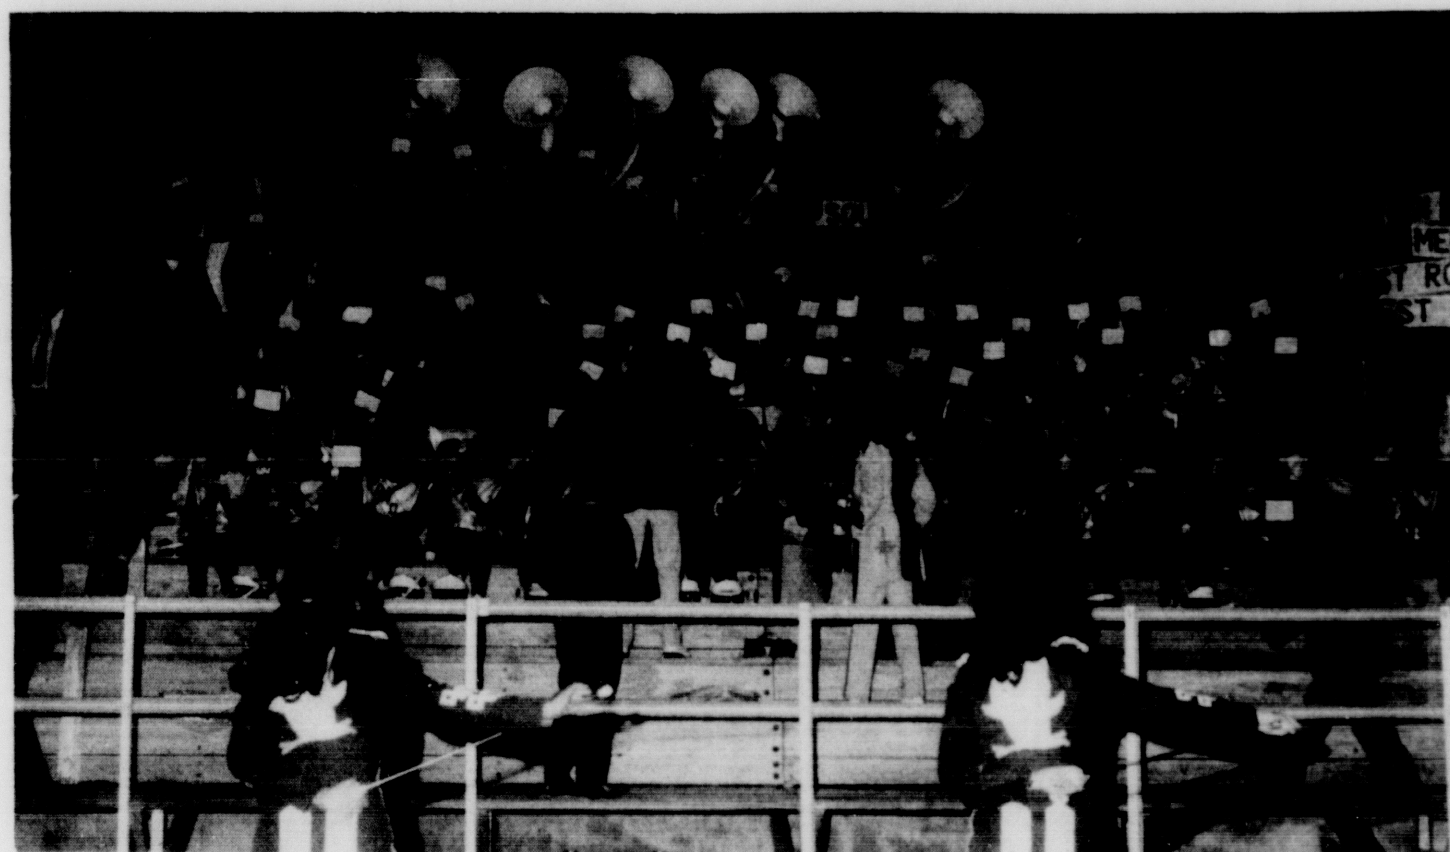

The most impressive thing about Pearsall's victory last Friday is that the score shortly before the half was 21-0, Medina Valley. The Mavs held the Orangemen scoreless in the second half and scored 16 points of their own. And as the game ended, they held the Panthers at their two-yard line to prevent a score.

The Mavericks prefer to use a direct, no-foolishness type of offense, using the Tandem-I formation. On defense, they run a 5-2.

B's, Frosh split with Billies

The Hondo Owl Freshmen continued their winning ways Thursday night at Fredericksburg but the B Team lost another close one to the Billie B's.

The Frosh battered the battlin' Billies by a 22-7 margin as Bobby Ibarra ran for two touchdowns and David Knowles fired a 15-yard pass to Forrest Horecka for the other tally. Ibarra and Lee Hallie each ran for two-

point conversions as the Freshman team upped the season mark to 4-3-1.

The B-Team was held scoreless for the third week in a row in the second half as they dropped a 13-10 decision. The Junior Owls led 10-7 at halftime, after a 75-yard Mike Groff-to-Gordy Gohmfalk pass, and a 20-yard Robert Rodriguez field goal put them in front. The loss left the Owl B-Team with an even 4-4 record.

Owls shut out Wildcats, 42 - 0

The Big Blue put together a powerful running attack and a stingy defense to smother the Carrizo Springs Wildcats 42-0 last Friday night at Wildcat Stadium.

Carrizo won the toss, but the Owls forced three consecutive punts as the Wildcats could do nothing on offense in the early going. Hondo drove 80 yards to a score on their second possession of the night, relying on alternating short gains by Keith Ligon and Tony Hackebell. Ligon swept around right end for the final ten yards with a bare 28 seconds remaining in the first quarter. A penalty on the conversion forced the ball back five yards, and the PAT kick was no good.

Taking a kick from bare-footed punter Elifonso Esquivel on their own 42, the Owls scored less than two minutes later as Ligon, trapped behind the line of scrimmage, reversed his field and rammed 58 yards to the end zone.

The two-point conversion pass from Finger to McAnelly was good, and the Owls led 14-0 with 10:46 in the half.

Carrizo took the kickoff and drove 53 yards down to the Owl 32 before the Blue defense stiffened on fourth and two. The Owls took over at that point. Five plays later,

Finger hit Ligon with a 59-yard pass to a touchdown. The kick again went awry, and Hondo had a 20-0 edge. A later drive reached the Wildcat two-yard line behind passes to Ligon, Doug Helvey and Terry Mechler; but Arturo Juarez of Carrizo came up with a timely interception in the end zone.

The second half saw a razzle-dazzle play that set up Hondo's fourth touchdown. Finger pitched out to Ligon, who then passed 19 yards to Finger again. The next play saw Ligon drive 49 yards to the score. Finger took the ball in for the conversion, and Hondo led 28-0 with 7 minutes left in the third quarter.

Early in the fourth period, the Owls struck again. Hackebell ended a scoring drive with a hard-earned 11-yard run over guard. McAnelly's kick was good, and Hondo had a 35-0 margin. Earlier the Owl defense had taken the ball again on downs, this time stopping a Wildcat drive at their own 26-yard line.

The final score of the evening came with the reserves dotting the Owl lineup, but it was veteran Ligon who scored from a yard out. The kick made it Hondo 42, Carrizo 0, and that's how the game ended, six minutes later.

Duffers set 2 tourneys

A Pro-Am golf tournament is set for Hondo Golf Course on November 11, Saturday.

Deadline for entries is 12:30 p.m. Saturday, for the tourney which will begin at 1

p.m. in a shotgun start. Maximum handicap is 18, and participants can make their own foursome. Entry fee is set at \$5 plus green fee.

A Scotch Foursome will follow the Pro-Am on Sunday, November 12.

Entry for the Foursome event must be received also by 12:30 Sunday, and the tourney will get underway with a shotgun start at 1 p.m. Entry fee for the Scotch Foursome will be \$2 plus green fee.

Turkey Shoot slated

All persons who consider themselves crack shots will find that December 3 is the day they have been waiting to see.

For on that day at they will be able to shoot as many

turkeys as they wish (or can hit) for a nominal fee.

The Hondo Lions Club and the Medina County Gun Club are sponsoring a Turkey Shoot at 1 p.m. on Sunday, December 3, at the Rifle

Range on the West Side of Hondo Air Base.

During the day, the sponsors will give away a Remington 700BDL, 243 Cal. rifle, field binoculars 7x35, and a hunting knife.

Cowboys, Medina in 6-6 tie

The Medina Bobcats erased an early lead by the D' Hanis Cowboys last Friday night, but could not get ahead in the bargain. The game ended in a 6-6 tie.

D'Hanis drew first blood against their new 14-B opponent, with a 30-yard pass-touchdown, less than two minutes into the ball game.

The point after attempt was no good, and the score stood 6-0.

The lead was good until after the halftime break as both teams played exceptional defense.

But midway in the third quarter, the Bobcats put together a successful scoring drive, capped off by a 2-yard

plunge by Roy DeLeon. Their conversion attempt was no better than that of the Cowboys, and the score was deadlocked.

The Bobcats threatened again with seconds left in the game, but the D'Hanis defense stiffened, and the game ended in a tie.

While the score was even, Medina counted three penetrations to two for the Cowboys.

Next week the Cowboys are open, preparing for the season and district finale against Rock Springs. Rock Springs dropped a 21-0 non-district decision to Brackettville Friday night.

Doe tags issued

Texas Dept. of Parks and Wildlife officials spent last week in Hondo at the Medina County Courthouse, issuing doe permits for area ranchers.

Friday at closing time, the men reported that they had issued a total exceeding 7,500 permits for antlerless deer to some 900 Medina County ranchers.

If you are a landowner who neglected to obtain your permits for this season, it is still not too late.

While the temporary office at the Courthouse closed Friday, Game Warden August Timmerman can still help you.

Brown's Nursing Center News

Mr. and Mrs. W. Strosser and Mr. and Mrs. Ernst C. Braun and Red Burell were in to see their mother, Mrs. Regina Burell.

Mr. and Mrs. Larry Robbins, Robert and Billy of San Antonio visited Mr. and Mrs. Dee Collins Sunday.

The patients enjoyed the Halloween party. Each was served cup cakes and punch by Mrs. O. L. Moss.

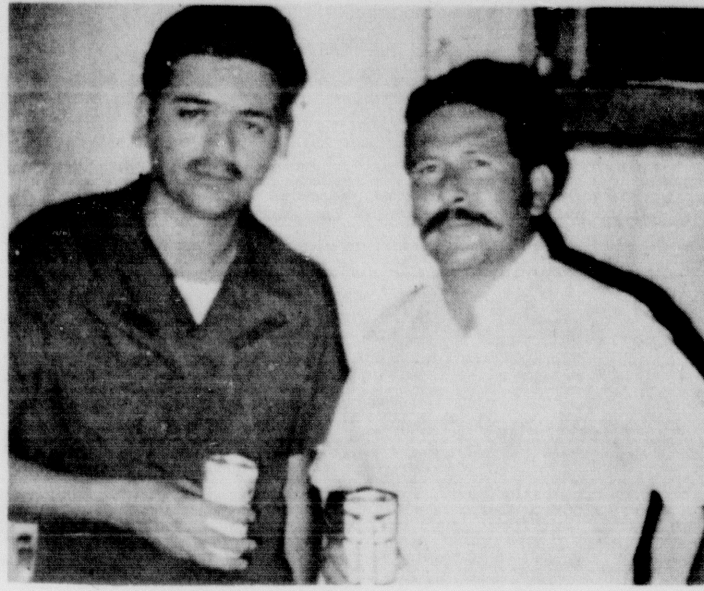

On Sunday, a group of children from the Yancey Baptist Church entertained the patients with songs and took pictures of some of the patients.

On Monday the patients enjoyed the Blue Birds. They sang songs and played games for the patients in their Halloween costumes.

Visiting Mrs. Annie Naegelin this past week were Mr. and Mrs. Clarence Tschirhart, Mr. and Mrs. Mike Tschirhart and Derek and Mr. and Mrs. Henry Schott.

Mr. and Mrs. Bill Neuman and family of Bandera visited Mrs. Clara Neuman and August Schneider on Wednesday and Sunday.

Mr. and Mrs. James Gusson of San Antonio visited friends in the nursing home.

A Small world

Roy Tenorio, left of Hondo, writes home from Vietnam to say "it's a small world!" And Aniceto Colunga, right, a former Hondo resident, agrees with him. Tenorio has been stationed at Tan Son Nhut near Saigon for about three months. One recent night at the NCO Club he started talking to some civilian workers there and discovered he and Colunga both had lived in Hondo. Colunga, who now lives in San Antonio and works at Kelly AFB, was in Vietnam on temporary assignment in his civilian job. Tenorio said in a letter to Tony Mendoza: "Anyway, we have a few cold ones every once in a while, and the other day he said, 'Let's take a picture together and send it to Tony so he can publish it in the Anvil Herald'." So here's that picture Roy and Aniceto. Good luck! And by the way, have another cool one for old Tony.
